

Surgical Oncologist – Locum

Department of Surgery
Queen's Health Sciences

Position Overview

The Department of Surgery (www.surgery.queensu.ca) at Queen's University is seeking a temporary Surgical Oncologist for a Locum position in the Division of General Surgery. The candidate will have completed two years of Surgical Oncology fellowship training at the commencement of their appointment. An advanced post-graduate degree (i.e. Master's, Doctoral) would be advantageous. An academic focus on quality improvement/patient safety, health services research, and/or residency education will be an asset.

The successful candidate will be expected to have clinical expertise in managing surgical oncology patients, with a focus on breast and melanoma disease sites. The preferred candidate must have an excellent record of success working in a multi-disciplinary clinical environment. They must demonstrate strong potential for outstanding educational contributions and significant academic and scholarly work in line with the mission of the Division of General Surgery. Evidence of current involvement and commitment to scholarly work through the submission of an academic dossier outlining a plan and career goals is requested. Applicants will also be involved in undergraduate and post-graduate medical education. Submission of an educational dossier is also encouraged.

Qualified applicants will hold an MD degree (or equivalent) and have completed postgraduate / fellowship qualifications in Surgical Oncology prior to appointment. Candidates must have or be eligible for licensure by the College of Physicians and Surgeons of Ontario. Preference will be given to those who either hold or are eligible for certification by the Royal College of Physicians and Surgeons of Canada. Applicants must also possess expertise, training, and experience in General Surgery.

As a temporary member of the Division of General Surgery, and Department of Surgery, the successful candidate will also be expected to contribute to the teaching, supervision and mentorship of undergraduate, graduate and postgraduate students.

Why Queen's

Queen's University is recognized nationally for the quality of its undergraduate and graduate programs, which attracts outstanding students. Queen's University is an integral part of the vibrant Kingston community in the heart of the Thousand Islands region of southeastern Ontario. It has a community spirit and amenities unmatched by any other Canadian university. The University and the region offer an outstanding academic and community environment (www.queensu.ca).

How to Apply

The University invites applications from all qualified individuals and is strongly committed to employment equity, diversity, and inclusion in the workplace. Queen's encourages applications from Black, racialized/visible minority and Indigenous people, women, persons with disabilities, and 2SLGBTQ+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents will be given priority. Applicants are asked to indicate whether they have valid legal work status in Canada.

The University will provide support throughout the recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs. If you require accommodation during the interview process, please contact the Department of Surgery.

Those interested in this position should submit a complete application package, including the following documents:

- A cover letter, summarizing expertise, qualifications, and accomplishments relevant to the position. The cover letter should also indicate whether or not you will require a work permit and/or require support with an extension of your work permit in the future,
- A current Curriculum Vitae; and,
- The names and full contact information of three referees,
- A research dossier outlining an academic plan and career goals; and,
- An educational dossier is encouraged.

The review of applications will continue until the position is filled.

Complete applications are to be directed to:

Dr. Oluwadamilola "Lola" Fayanju, Head, Department of Surgery, Queen's University, Watkins 3, Kingston General Hospital, Kingston, Ontario, K7L 2V7, Fax: (613) 544-9174, Email: KGH.DepartmentOfSurgery@kingstonhsc.ca

As part of the application process at Queen's University, our recruitment process uses Artificial Intelligence (AI), as defined under the Ontario Employment Standards Act, to ask job-related questions and/or assess suitability for hire. All final hiring decisions are made using non-AI related processes.
