

Gelareh Zadeh, MD, PhD, FRCS(C), FAANS

The Head of Surgical Oncology at University Health Network
Head of the Toronto Central Regional Cancer Program at Cancer Care Ontario
Program Medical Director for the Krembil Neuroscience Centre at Toronto Western Hospital

Dr. Zadeh is a neurosurgeon-scientist at the Toronto Western Hospital and Princess Margaret Cancer Centre. She has a dedicated clinical and research program in neuro-oncology and neurosurgery. In addition, she is the Wilkins Family Chair for Brain Tumor Research, the co-Director of the Elizabeth Raab Neurofibromatosis Program, and the Director of the UHN Brain Tumor Biobank.

Dr. Zadeh has a dedicated neuro-oncology and skull base practice, which include a number of multidisciplinary specialized programs such as skull base, brain metastases, pituitary tumors, gamma knife and neurofibromatosis clinics. In parallel, she has an active research laboratory focusing on integrated multi-platform molecular analysis of brain tumors, together with a focus on understanding molecular response to targeted therapies, such as anti-angiogenesis and metabolic inhibitors. She is also involved in a number of national and international organizations, like the WFNS, NASBS, and SNO.
