

Queen's University, Comprehensive Knee, Orthopedic Surgery Fellowship

Coordinator: Aaron Campbell, MD, FRCSC

Faculty: Aaron Campbell, MD, FRCSC

Number of Positions: 1

Duration: 1 year

Start Date: July 1st, annually

Application Deadline:

Canadian Applicants: December 31st (18 months prior to the proposed start of the fellowship)

International Applicants: July 31st (the year prior to the proposed start date)

The Division of Orthopedic Surgery at Queen's University offers a number of fellowships opportunities including a comprehensive fellowships in knee surgery. The fellowship is open to appropriately qualified Canadian and Internationally trained Orthopedic Surgeons who are seeking additional subspecialty training in knee surgery.

Clinical supervision is provided by Fellowship Director, Dr. Aaron Campbell. The program offers a broad, tertiary care experience in all aspects of knee surgery including sports injuries, knee preservation, arthroplasty, and trauma. Fellows will be expected to participate in a variety of related academic activities, including formal and informal teaching of learners as well as participation in rounds and conferences

In addition, research opportunities are available through a multidisciplinary research laboratory focusing on clinical outcomes, orthopedic bio-engineering, computer-assisted surgery and molecular biology. Protected weekly research time will be allocated to a project of publishable quality expected at the completion of the fellowship.

Fellowship duration of one year is preferred but consideration of a 6 month fellowship will be given to interested parties especially those undertaking additional fellowship training in Orthopedics at Queen's.

Licensure with the College of Physicians and Surgeons of Ontario is required. Funding is available from the Division of Orthopedics for Canadian candidates with restricted licenses or those licensed for independent practice. International candidates with external funding will also be considered.
