

Queen's University, Orthopedic Surgery Trauma Fellowship

Coordinator: Jeff Yach, MD, FRCSC

Faculty: Jeff Yach, MD, FRCSC and Faizal Kassam, MD, FRCSC

Number of Positions: 1

Duration: 1 year

Start Date: July 1st annually

Application Deadline:

Canadian Applicants: December 31st (18 months prior to the proposed start of the fellowship)

International Applicants: July 31st (the year prior to the proposed start date)

The Division of Orthopedic Surgery at Queen's University offers a comprehensive one-year Trauma fellowship. The fellowship is open to appropriately qualified Canadian and internationally trained orthopedic surgeons who are seeking additional subspecialty training in Trauma.

The successful candidate will be expected to meet the below criteria:

1. The fellow will be expected to abide by the pertinent terms of reference for orthopedic fellows as outlined by the Division of Orthopedic Surgery.
2. The fellow will be expected to participate in all aspects of the advanced clinical experience in Orthopedic Traumatology and Posttraumatic Reconstruction.
3. The fellow should develop expertise in the preoperative assessment and planning of operative fixation of acute orthopedic trauma.
4. The fellow should develop clinical expertise in management of complex orthopedic injuries, including the multiply injured patient and complex periarticular fractures. The fellow will be expected to gain independence in managing these injuries with limited supervision.
5. The fellow will be actively involved in resident education with weekly teaching sessions and clinical instruction.
6. The fellow will be asked to participate in ongoing clinical research in orthopedic trauma and posttraumatic reconstruction. The fellow is encouraged to produce a paper worthy of presentation and publication at the conclusion of their fellowship.
