

Queen's University Department of Surgery
presents the
1st Annual Dr. J. Hugh and Miriam McGuire Lectureship in Surgery

Queen's
UNIVERSITY

Dr. Monica Morrow

Chief, Breast Service, Anne Burnett Windfohr Chair of Clinical Oncology
Memorial Sloan-Kettering Cancer Center, New York, NY, USA
Professor of Surgery, Weill Medical College of Cornell University

"Progress in the Surgical Treatment of Breast Cancer"

A native of Bucks County, Pennsylvania, Dr. Morrow received her BS degree Magna Cum Laude from the Pennsylvania State University in 1974 and her MD in 1976 from Jefferson Medical College. She did her surgical residency at the Medical Center Hospital of Vermont from 1976-1981, followed by 2 years of surgical oncology training at Memorial Sloan-Kettering Cancer Center in New York. Dr. Morrow is the recipient of the Outstanding Professional Woman Award from the State of Illinois Federation of Business and Professional Women, the Alpha Omega Alpha Outstanding Clinical Faculty Award from the University of Chicago, the Women Making a Difference Award for Medical Innovations from the State of Illinois, and the Speaking of Women's Health Foundation Award. She is an Honorary Fellow of the Royal College of Physicians and Surgeons (Glasgow) and the Royal College of Surgeons of Ireland. She is the editor of 3 breast cancer textbooks and has published more than 350 book chapters, manuscripts, and editorials. She has served on the Board of Directors of the American Society of Clinical Oncology and the Society of Surgical Oncology, and was the President of the Society of Surgical Oncology in 2012-13. Her interests include the application of clinical trials data in practice, the evaluation of new technology related to local therapy of breast cancer and surgical decision making.

Wednesday, March 30th 2016, 5:00 PM

The Dr. J. Hugh and Miriam McGuire Endowment for Visiting Scholars will be used to support hosting prominent scholars at Queen's University in Surgery. It is the goal and objective of this endowment that the visiting scholar will bring special expertise to Queen's Surgery and that it will stimulate new ideas and new methodologies among Queen's medical scientists and clinicians and provide new concepts to the students.
